BEST: beside an ally

Then slip behind cover.

GOOD: use cover

Stay near objects/creatures so
you can Hide (BA) for advantage
-> next-turn Ambush Strike.

OK: stay at range

No setup? Shortbow from 80ft,
or Vex->Nick in melee.
15 HP - keep moving.

REACTION

Opportunity Attack

Shortsword / Dagger +5
when a foe leaves reach.
Can carry a 2nd Sneak
Attack (it's once per TURN).

BONUS ACTION

CUNNING ACTION

Dash / Disengage / Hide
Nick gives a free Light
attack in your Attack, so
your bonus action stays open.

MOVEMENT

Speed: 30 ft
Get beside an ally's
target, or to cover.
Nimbleness: move thru
bigger creatures.

SNEAK ATTACK

+1d6, once per TURN
Needs: advantage, OR
an ally within 5ft of
the target (and no disadv).
Take it on your 1st
qualifying hit. Luck: reroll 1s.

Sneak Attack is once per TURN - an Opportunity Attack on the enemy's turn can land a 2nd per round. ~15.5 dmg/turn.
